The fourth Grand Worthy Patriarch, G. F. Tolly, will be present, and by invitation address the Division at that time. All of the members are carnestly urged to be present.
- The trade of Anderson is holding up finely. Much more cotton is being received now than for the same period of last year, and a greater area of country is buying and selling at this market. On Tuesday of this week we noticed six wagons from Hart County Ga., and several from Abbeville County on car square with cotton for sale.
- The Fence Law is raising a rumpus in Abbeville. If the dissatisfied farmers were to take a tour through Anderson County and see the practical workings of the law, they would return home with thankful hearts for the increased prospects of future prosperity. The more experience our people liave with the law the better they like

SANFORD'S ANALYTICAL ARITHMETICS,

By S. P. SANFORD, A. M., LLD., Mercer University, Macon, Ga. Of these Arithmetics, based on the only true test—use in the school-room—one of our most skillful Teachers, Hon. Hugh S. Thompson, State Superintendent, (at the time of writing, as new, Principal of Columbia Male Academy,) says: "Sanford's Arithmetics are superior to any that I have seen in the fullness of the examples, the clearness and simplicity of the analyses, and the accuracy of the rules and definitions. This opinion is based upon a full and thorough test, in the school-room. To those Teachers who may examine these Arithmetics with reference to introduction, I would especially commend the treatment of Percentage and Profit and Loss. No text books that I have ever used are so satisfactory to teachers and pupils."

Sanford is now in acceptable use in Anderson County.
